USE CITY AUTOS NEW YORK, Aug. 31.—No more will

the city magistrates roll home in city atuomobiles after presiding at the night court. Mayor Hylan has put his foot down on it. If Mr. "Ten o'Clock" Cobb. of Boston, is successful in his crusade to cut off all service on the city's transit lines after that hour the magistrates who sit in the night court will either have to buy a Ford or ride home in a plebeian taxicab.

This is the mayor's ukase on the

subject, written to Commissioner De-laney, of the department of plant and structure, who is the city's liveryman: "Your letter of August 20 received, In which you state that magistrates in the night court nave the use of automobiles to take them home.

"I want you to discontinue the use of city automobiles by any magistrate in the city from the municipal garage. I was a magistrate, sat in the night court in New York, and I never found

any necessity for having a city au-tomobile and never was molested by anybody. A magistrate gets a good alary, and if he wishes to ride home in an automobile let him hire one." DROUGHT CLOSES PLANT

ATLANTA, Aug. 31 .- More than three hundred manufacturing plants in the Atlanta district not engaged in the production of absolute war necensities will be denied power after Wednesday, September 4, because of the most extensive drought in history, according to an announcement made by the Georgia Railway and Power Company.
